

COMPANY POLICY

Responsible Sourcing System Policy

MANAGING DIRECTOR	ISSUED	REVIEW DATE	REFERENCE
Toby Green	July 2026	July 2027	OF-POL-05

01 Introduction

Opus Form Ltd recognises that our purchasing decisions impact upon society and the environment well beyond the immediate scope of our own operations. We are committed to ensure that we deal with suppliers who also recognise their responsibility to the people they employ, the communities they affect and their impact on their local and global environment.

02 Business Ethics

We will ensure integrity in all our business activities. We will always operate in an ethical manner, be open and transparent in our communications and dealings with all those affected by our supply chain. We will operate under contracted conditions, fulfilling payment under the agreed terms.

03 Environmental Sustainability

Opus Form Ltd will consider the environmental impact and performance of goods and services when making purchasing decisions in our concrete flooring operations.

- We will seek to reduce waste by monitoring and reviewing the amount, type and manner in which materials are purchased.
- We will strive to reduce our carbon footprint wherever practical.
- We will seek to minimise the use of materials with a hazardous content.
- We will expect our supply chain to manage their own environmental policy that operates in compliance with best practices and law.
- We expect our suppliers to manage their own environmental impacts and targets, reducing waste wherever possible.
- We will reduce waste to landfill through a policy of re-use, recycling and waste segregation.

04 Procurement & Supply Chain

Success depends on Opus Form Ltd building strong partnerships with our Clients and our supply chain.

- Where practical, we will maximise the benefits to the local community by encouraging the recruitment of local labour and sourcing local goods and services.
- We will purchase local goods and services to reduce the impact of transport on our carbon footprint whenever practicable.
- We expect our suppliers to demonstrate a commitment to ethical working practices, fair wages and working hours and operate strict policies of equal opportunities and diversity.
- We require all our suppliers and subcontractors to comply fully with the UK Modern Slavery Act 2015, ensuring that forced labour, human trafficking, and child labour are entirely absent from their operations and supply chains.
